 College of DuPage

WHY CHOOSE COD?

Education is the best return on investment you will ever make. A degree or certificate from College of DuPage not only increases your earning potential, it enriches your life, enhances your skills, and broadens your perspective.

And whether you're planning to step directly into a career, or transfer to a four-year institution, COD is the best place for you to start.

HIGH-QUALITY ACADEMIC PROGRAMS

Since opening our doors more than 40 years ago, COD has continually increased its credit offerings, now providing 71 Associate in Applied Science degrees in 41 different career and technical subject areas; 160 certificates in 46 different career and technical subject areas; out of nine degrees awarded by College of DuPage, seven are considered transfer degrees with the two most common being the Associate in Arts and the Associate in Science degrees.

COD is accredited by the North Central Association of Colleges and Schools, which also accredits four-year colleges and universities across the Midwest.

DEDICATED FACULTY

The cornerstone of the College's commitment to excellence in higher education is an experienced, nationally recruited faculty dedicated solely to teaching, not research. You are never taught by interns or teaching assistants. College of DuPage has a large enrollment but students experience a small average class size, allowing for personalized education and hands-on training.

THE MOST AFFORDABLE CHOICE

SAVE \$36,458

SAVE \$69,849*

Beginning your college career at College of DuPage is your most affordable choice. Our tuition and fees are extremely competitive. The College offers a flexible payment plan in addition to many forms of financial assistance, including scholarships, grants and loans.

Students who choose COD for their first two years of college will save more than \$36,000 compared to attending an in-state public university all four years, and nearly \$70,000 compared to a private university! That's money in your pocket ... for the same degree.

* Source: College Board average of Illinois public and private institutions, based on tuition and fees, books and supplies, room and board, transportation and other expenses.

INNOVATIVE LEARNING ENVIRONMENT

The facilities on the College of DuPage campus are second to none. Our Health and Sciences Center and Technology Education Center are home to cutting-edge labs and teaching space. COD is the only community college in the nation to have its own CT scanner.

Our Culinary & Hospitality Center (CHC) and Homeland Security Education Center (HEC) opened in 2011. The CHC provides our culinary and hospitality students with living laboratories—two restaurants, a retail operation and a boutique hotel—to hone their skills. And the HEC is home to our 4-D immersive street scene for training first responders as well as forensics labs and a smoke room.

ACCREDITATION

College of DuPage is regionally accredited by The Higher Learning Commission, a commission of the North Central Association of Colleges and Schools (NCA). Accreditation by the commission provides assurance to students and their families that COD has been found to meet or exceed the commission's criteria. Visit www.ncahle.org for more information.

COD also participates in the NCA's Academic Quality Improvement Program, an accreditation model based on the Malcolm Baldrige National Quality Award Program that's designed to infuse the principles and benefits of continuous improvement into the culture of colleges and universities.

ACADEMICS

Our academic programs are of the highest caliber. Each academic program at COD is designed to teach you to think critically, communicate effectively, and adapt creatively to change. More importantly, your COD education prepares you for success in your chosen career.

EXPERIENCED FACULTY FOCUSED ON TEACHING

At COD, students learn from full- and part-time faculty members with a literal world of expertise—people who’ve dedicated their lives to teaching, who are global experts in particular disciplines with real-world, hands-on experience. The common denominator: Our faculty’s focus is not on researching and publishing but on teaching and inspiring our students. The focus on individual attention helps ensure student success.

Students at COD can earn one of nine associate degrees and transfer to a four-year college or university to complete a bachelor’s degree. Credits that you earn at COD are accepted at colleges and universities across the nation.

TRANSFER DEGREES

The Associate in Arts degree represents the first two years of study for students who plan to pursue a bachelor’s degree in liberal arts.

The Associate in Science degree represents the first two years of study for students who plan to pursue a bachelor’s degree in science.

The Associate in Engineering Science degree is intended for students who wish to prepare for transfer to a baccalaureate-granting school in the field of engineering.

The Associate in General Studies degree is designed for students who desire to arrange a program of courses to meet their personal interests.

The Associate in Fine Arts degree is intended for students who wish to prepare for transfer to a baccalaureate-granting school with a Bachelor in Fine Arts or Music program.

The Associate in Applied Science degree is intended for students who plan to pursue occupational or technical degrees.

The Associate in Arts in Teaching Early Childhood Education degree is designed for students who plan to transfer to earn a bachelor’s degree with Illinois Type 04 teaching certification.

The Associate in Arts in teaching Secondary Mathematics degree is designed for students who plan to transfer to pursue a bachelor’s degree and teacher certification at the secondary level for mathematics.

CAREER AND TECHNICAL PROGRAMS

Many COD programs prepare you to enter the work force in two years or less. You can earn an associate’s degree (Associate in Applied Science) or certificate in a business, health or technology area.

Career and Technical programs prepare students by providing both classroom knowledge and hands-on experience. These programs are taught by knowledgeable instructors with experience in the field and a curriculum designed in conjunction with advisory committees composed of industry professionals.

PROGRAMS OF STUDY

College of DuPage offers Transfer Degree and Career and Technical Education programs in a broad range of fields and disciplines. College of DuPage offers up-to-date, personalized coursework in an area of study that’s of interest to you.

3 + 1 = BACHELOR'S DEGREE

A SMART WAY TO EARN YOUR B.A. OR B.S.

College of DuPage has partnered with prominent universities to offer high-caliber degree programs at a greatly reduced cost.

- > Take three years at COD and transfer to a partner university for your fourth year.
- > Partner universities are educational leaders in their respective program areas.
- > Advanced classes are taught by faculty from our partner universities right here at COD.
- > Advanced classes are offered at a significantly reduced tuition rate.

“The fact that our partner universities recognize the integrity of our classes as credit equivalent for their 300-level classes is a testament to the academic quality of COD’s programs.”

—Dr. Joseph Collins, Executive Vice President, College of DuPage

COLLEGE OF DUPAGE 3+1 PROGRAMS:

Benedictine University :: Bachelor of Arts Degree in Management and Bachelor of Science degree in Nursing

Concordia University Chicago :: Bachelor of Arts Degree in Healthcare Management, Sports and Recreation Management and Visual Arts Administration

Governors State University :: Bachelor of Science Degree in Nursing

Lewis University :: Bachelor of Arts Degree in Criminal/Social Justice and Bachelor of Science Degree in Computer Science

National Louis University :: Bachelor of Arts Degree in Human Services

Roosevelt University :: Bachelor of Science Degree in Hospitality and Tourism Management

For more information, call Admissions and Outreach at (630) 942-2380, or visit cod.edu/3plus1.

SPECIAL PROGRAMS

Attending college is one of the most exciting times in your life, and we understand how important it is for you to make the most of your time here. COD offers a number of special programs where you will discover unique learning opportunities.

Honors Program

Through the Honors Program, highly motivated students participate in academically-enhanced courses designed to add depth to their college experience.

Study Abroad

The diverse Study Abroad programs at COD offer many options in terms of program format and length of travel.

Field and Experiential Studies

Take a unique credit course that combines the classroom with field-based activities.

COD Online

The College of DuPage Online program offers more than 200 courses in 43 disciplines. A number of certificates and associate degrees can be earned entirely online.

Cooperative Education and Internships

Cooperative Education and Internships help students gain on-the-job experience related to academic and career goals.

Global Scholars

Global Scholars are students who successfully complete 25 hours of GSP-designated courses, including two interdisciplinary seminars and a world language.

Learning Commons

If you are searching for academic help, Learning Commons offers tutoring in math, reading and writing and speech assistance. Day, evening and weekend hours are available.

Learning Communities

A learning community is a unique, innovative learning experience that typically involves students enrolling as a cohort in two or more courses connected by a common theme.

ACADEMIC SUCCESS

Engineering Pathways

Offers qualified students guaranteed admission to the College of Engineering at the University of Illinois at Urbana-Champaign.

Benefits of the program include guaranteed admission upon completion of the program requirements, specialized advising, preparation for transferring as well as many others.

Enhanced 2+2 in Education

An enhanced 2+2 agreement for Education that offers COD students a competitively priced, streamlined opportunity to earn a Bachelor of Arts degree in Education from Lewis University in just four years.

Students in this program will pay COD tuition rates for their first four semesters. For semesters five to eight, Lewis will provide a discounted tuition rate that is 40 percent less than the university’s published undergraduate tuition.

Programs are accredited by the National Council for Accreditation of Teacher Education (NCATE) and approved for entitlement by the Illinois State Board of Education (ISBE).

LIFE ON CAMPUS

“When students exercise campus leadership, they become more deeply involved in and committed to shaping the educational experience—for themselves and for others—and are more likely to exercise leadership in their lives beyond college.”
—Astin & Astin Study

There’s more to college than going to class and studying for exams. It’s also important to explore your interests, engage in new experiences and meet new people. College of DuPage offers students many ways to participate in its campus community. Our Office of Student Life provides a rich, supportive environment that helps students get the most out of their college experience.

ATHLETICS

Intercollegiate athletics are a big part of College of DuPage campus life. Athletes and fans alike find a quality program that combines winning athletics and academics. In fact, College of DuPage has had one of the most successful community college athletic programs in the nation for the past 20 years. Competing in the National Junior College Athletic Association (NJCAA), the Chaparrals have captured several national championships and many regional, state and North Central Community College Conference championships. Men compete in baseball, basketball, cheer team, cross country, football, golf, soccer, tennis, and track and field. Women’s sports are basketball, cheer team, cross country, soccer, softball, tennis, track and field, and volleyball.

STUDENT CLUBS

More than 60 student clubs—ranging from graphic design to architecture, financial investment to nursing—offer students a connection with academic programs, topical interest sharing, leisure-time activities, social interaction and a connection with the communities of students at the College.

CULTURAL ENRICHMENT

Students can augment their studies by visiting our world-class Library and the McAninch Arts Center, which annually hosts theater, concert, orchestra, choral, touring and student productions. Two art galleries display student and world-renowned artist exhibitions.

FITNESS

The COD fitness center features a gymnasium, running track, Olympic-size swimming pool, dance/aerobics area and a wellness/fitness center with state-of-the-art equipment. Intramural activities are also offered to provide students, faculty and staff the opportunity to participate in a variety of competitive or recreational sports activities.

FIRST YEAR EXPERIENCE (FYE)

First Year Experience at College of DuPage is designed to help you transition to college and provide you with the foundation you need for academic and social success throughout your entire college experience. We sponsor a variety of programs throughout the year to help new students integrate themselves into the COD community.

NEW STUDENT ORIENTATION (NSO)

New students are encouraged to attend orientation. NSO is designed to welcome students to the COD community. Carefully planned sessions offer a range of perspectives on life at COD and provide resources and information that will be particularly helpful during your first months on campus.

WHAT’S A CHAPARRAL?

In 1967, when COD opened, students zipped around the district to temporary classrooms. This reminded someone of roadrunners; hence, the chaparral became the school mascot. The College colors are forest green and silver.

College of DuPage offers a leading-edge campus—one well-equipped not only for contemporary teaching, but also for interacting with the community we serve. COD oversaw more than \$550 million in physical improvements, transforming the appearance of the Glen Ellyn campus. Whether a student is walking on campus for the first time or returning to further their education, they know these new facilities and high-tech laboratories give them an edge when transferring or seeking employment.

WHAT MAKES OUR CAMPUS UNIQUE?

The learning laboratories below are a big reason why more students are making COD their First Choice.

- | | |
|--|---------------------------|
| Auto Lab | Mock Courtroom |
| Bake Shops | Nursing SIM Hospital |
| Boutique Hotel | Patient Simulator |
| CT Scanner; COD is the only community college in the country to house one. | Surgical Tech Lab |
| Chemistry Labs | Theater |
| Child care for children in preschool through kindergarten | Weather Lab |
| Chocolate Room | Working/Teaching Kitchens |
| Cyber Crimes Labs | |
| Dental Hygiene Lab | |
| Forensics Labs | |
| Greenhouse | |
| Hydrology Lab | |
| Indoor Street Scene for Emergency Response | |

A UNIQUE CAMPUS

PAYING FOR COLLEGE

Figuring out how to pay for college is difficult. Choosing College of DuPage gives you the opportunity to get a great education that will save you thousands of dollars. The Office of Student Financial Assistance provides a comprehensive range of services that bridge the gap between the financial resources of students and their families and the cost of education at College of DuPage, eliminating the economic barrier to obtaining an education.

College of DuPage Title IV School Code: 006656

OUR COST

Attending College of DuPage is your most cost-effective move toward the career of your choice. COD is an affordable way to earn a first-time degree or upgrade current job skills.

Visit www.cod.edu/tuition for the current tuition rate.

FLEXIBLE PAYMENT PLANS

As a convenience and to help spread out payments, College of DuPage offers students who are unable to pay in full the opportunity to enroll in our "Pay As You Go" payment plan. All students are required to pay their tuition and fees at the time of registration. Students receiving financial aid (i.e., grants and loans) must enroll in the College's deferred payment plan.
